Environment

from waste to resource

Commercial Services

External Facilities Management

Why choose FCC?

FCC Environment's External Facilities Management services keep your environment looking at its best. First impressions count, and clean and well-maintained grounds create a positive image of your business for your staff, visitors and customers.

FCC Environment cleaners are highly visible and very conscientious. Our External Facilities Management services are available on a one-off basis or year-round maintenance contracts. When you trust FCC Environment to maintain your grounds, you give yourself more time to invest in your own business.

Since 2010, FCC Environment has made a 3% reduction in carbon emissions

Added value

FCC Environment is environmentally and socially responsible in all the services we provide and in the communities where we work. We know individual businesses have very different needs, each requiring a carefully selected mix of services.

We work in partnership with our customers to develop a service schedule with year-round monitoring to give total peace of mind with a single point of contact. Our regular hedge trimming and grass cutting services ensure your gardens reflect your professional business image.

Our experienced maintenance teams are fully trained, have access to advanced equipment and are supported by FCC's attentive customer service team, helping you focus on your business while we take care of your local environment.

You can trust us to deliver a service you can be proud of.

Areas of expertise

At FCC Environment we manage and maintain diverse grounds and estates to a high standard. We believe that our customers' local environment should provide a beneficial experience year-round, and tailor our suite of services to provide excellent value for money.
