

ROYAL *plasform*

This new, lightweight, easy-to-use and durable plastic modular formwork system can make your job a breeze!

Introducing ROYAL *plasform*!

It is:

- Cost effective
- Easy to MAN HANDLE
- Easy to transport & store
- Quick & simple to use
- STRONG - made from reinforced PC-ABS plastic
- Durable & reusable
- Environmentally friendly
- No form release oil required
- Supports 60kN/m² fresh concrete casting pressure

ROYAL *plasform* panel sizes range from 100mm x 600mm x 70mm to 1800mm x 600mm x 70mm and are used to form 100mm - 400mm thick walls.

ROYAL *plasform* column panels 720mm x 750mm x 70mm are used to varying column sizes from 150mm - 600mm.

ROYAL *plasform* panels are fastened together quickly and easily with fast-lock nylon handles.
