

# **Wireless Hanging Signage**

**SUNMADE DOTs - Wireless LED** 

## **Wireless Hanging Signage**

With SUNMADE DOTs

Never seen before

## More power saving & durable

The Wireless Hanging Signage shines without any wires and electricity.

The Wireless Hanging Signage is waterproof, dustproof, maintenance free, no drooping, and has 5+ years servicelife.

#### More convenient & colorful

The Wireless Hanging Signage can be installed easily by only 2 hangers.

Sunmade Dots presents multi-color effect without wires, which Led is not capable of.

### **SUNMADE DOTS**

SUNMADE DOTs has the world's first optical patent. With unique curved surface, it refracts light from broad rear side. SUNMADE DOTs is an optical lens that doesn't require extra electricity and wire, only refracting existing light source to shine.
