Chemi-free Consumer Products founded in 2014 by pharma healthcare and marketing professionals with 45 years of collective experience, has as its “MISSION” to “**CREATE A CHEMICAL- FREE ENVIRON**” by developing 100% Chemical free consumer products to safeguard the society from the harmful effects of toxic chemicals while meeting daily usage needs of household and commercial spaces.

Now a days while “Immunity” & “Hygiene” has become the buzzword, we at **Chemi-free Consumer Products** are committed to ensure “Environmental – Immunity ©” by launching chemical-free consumer brand “**CLYNTERIO**”- India’s first Chemical-Free Bio-organic Car Interior Cleaner.....

We all clean our car's exterior once in a while... but do you realize your car's interior is more polluted than external world....!!!

Your car reflects your personality... the place where you meet your friends, life-partner, business associates and clients as well.... Isn't it our responsibility to create a clean & immune environment for us and everyone who accompanies us...

The concept of "CLYNTERIO" was formulated mainly for infants & elderly since their immunity levels are way too low than all of us.... Nevertheless even we all prone to get infected with pollution hidden inside your car's cabin.

Yes... service stations do clean interiors with harsh chemicals... but does it give you a comfortable ride....?? Ask anyone who suffers with Asthma they'll be severely affected and you may notice babies crying continuously whenever you take them for a ride...

"CLYNTERIO" is 100% non corrosive i.e. it doesn't harm / erode your car's paint and is even safer for leather upholstery!

NO wonder you or your driver may make great efforts to keep your car clean & tidy... by frequently using chemical based cleaning sprays after every drive.....

.

Yes chemical Surface Cleaning Sprays...

DO CLEAN WELL... But Do You Know These Ammonia Based Chemicals Are Very Harmful For Your Health. (While spraying you can indeed smell volatile ammonia)

So chemical based surface cleaning sprays,

Do harm your skin..

Do harm your respiratory system.

Do harm your eyes

Do harm your general health.

So we hear your loud voice asking us ...

DO YOU HAVE A SAFE ALTERNATIVE TO Chemical Surface Cleaning Sprays

Yes WE DO is our HAPPY & LOUD ANSWER!!!

Need for chemical-free consumer products:

- Chemical based cleaning products can damage respiratory organs like nose, throat and lungs. Other important organs like eyes, skin etc. too are affected.
- Chemical based cleaning products create a "**Lingering Chemical Environment**" that continuously affects all age group of the population from infants to elderly.
- **Children and elderly who live constantly in a chemical environment run great risk of suffering from asthma, running nose, burning eyes and skin rashes etc.**
- Chemical based cleaning products are volatile and the vapors enter A/C machines or Central air-conditioning system to be re-pumped into the environment thus exposing the people to toxic chemicals for long periods much after the cleaning is completed by the house keeping persons.
- Apart from affecting our precious family members and colleagues they have harmful effects on our emotionally important PET animals.

So chemical based surface cleaning sprays.....

- **Do harm your skin..**
- **Do harm your respiratory system.**
- **Do harm your eyes**
- **Do harm your general health.**

You are CLYNTERIO Safe

- Safe for all - Kids to Senior citizens, pets like Dogs, Cats, etc.
- Does not irritate eyes, nose or skin.
- Does not enter human system; hence 100% safe.
- Eradicates germs - Bacteria, Fungi etc (tested in govt. approved Labs)
- Has long lasting cleansing effect

CLYNTERIO BENEFITS:

CLYNTERIO--India's First **C&R** surface cleaner spray.

You wonder what C&R is! ... Yes it is indeed a WONDER Concept.

C&R means Clean & Repel dust.

CLYNTERIO -Only car cabin cleaner that will clean & also Repel dust ...

--that means your car interiors will remain dust free and immune for a longer period...

--that means you clean less frequently, saving time, energy & money.

CLYNTERIO- Ingredients

- **Based on ancient cleaning knowledge - combines cleansing power of Organic ARK & pleasant smelling Lemon Grass in Alkaline PH.**
- **It is Non corrosive and is very safe and effective to clean glass, wood, steel, plastics, laminated surface etc.**

CLYNTERIO- how to use

-For best results spray **CLYNTERIO** inside your car cabin & wipe with microfiber cloth in a cool environment
